**BMW R 12 nineT / R 12  
Slip-On Line (SS)**

The graph displays two sets of curves: a red set (top) and a grey set (bottom). The red curves represent the performance with the Akrapovic slip-on line, showing a significant increase in torque and power at higher RPMs compared to the grey curves, which represent the baseline engine performance. The red curves show a peak in torque around 6200 rpm and a corresponding increase in power.
