

**BMW K 1600 GT/GTL
Slip-On Line (Titanium)**

The background of the text area features a performance graph with two lines: a red line representing power and a grey line representing torque. The red line shows a peak around 5870 rpm, while the grey line shows a peak around 5600 rpm. The overall trend shows an increase in both power and torque at higher RPMs, with the titanium slip-on line providing a noticeable performance gain over the stock configuration.
