

Ducati Scrambler Urban Motard/Nightshift/Icon/Icon Dark/Desert Sled

Product Name: **Slip-On Line (SS)**

Product code: **S-D8S06-ISSSBL**

Approval: W/O

MSRP ex. VAT: 885,00 €

INFO

Featuring a completely new design, this system has a double conical muffler and link pipe that perfectly integrate with the bike's style. Constructed from high-grade stainless steel with black-coated mufflers, the exhaust is finished with a laser-engraved Akrapovič logo. Weighing just 3.8 kg, 55.8% lighter than the standard stock system, it has been developed for use on closed-course competition circuits only.

Its racetrack-oriented design increases power by 1.6 kW (2.2 hp) at 8,600 rpm and torque by 3.0 Nm at 4,500 rpm when tested on the Akrapovič dyno and compared to a Scrambler with a standard stock exhaust, and it serves up a deep, sporty, and vivid sound. A simple plug and play installation with no remapping required, the system fits on the Urban Motard, Nightshift, Icon, Icon Dark, and Desert Sled versions of the Ducati Scrambler.

The exhaust can be further enhanced with the addition of optional headers, and an optional carbon-fibre heatshield is also available.

For those clients installing the exhaust system on Desert Sled model, it is mandatory to buy the original Ducati mount kit 96481551A.

The product is developed and tested on EU vehicle specification. Non-EU fitment may vary by marketplace and different vehicle specification. On non-EU Ducati Scramblers the previous Akrapovič Slip-On Line S-D8S04-CUBTBL/1 and optional headers E-D12E5 would fit.

THIS PRODUCT DOES NOT MEET EMISSION COMPLIANCE REQUIREMENTS FOR STREET OR HIGHWAY USE.
