

Honda NT1100

Product Name: **Slip-On Line (Titanium)**

Product code: **S-H11S03-HGIT**

Approval: EC, ECE

MSRP ex. VAT: 950,00 €

INFO

With a high-grade lightweight titanium muffler outer sleeve over a stainless-steel inner, this product incorporates a stainless-steel link pipe and a carbon-fibre end-cap, with a heatshield for passenger and gear protection. The muffler is finished with a monochrome Akrapovič sticker. The use of race-proven materials gives the exhaust a sporty look, and the dual-flow muffler adds to its unique appearance. Weight is reduced by 1.5 kg (27.8%) over the standard stock system.

Power and torque are increased by 1.1 kW (1.5 hp) at 4,200 rpm and 3.7 Nm at 4,400 rpm when compared to a Honda NT1100 with a standard stock system and tested on the Akrapovič in-house dyno. Delivering a deep and vivid sound from the parallel twin engine, the exhaust is EC/ECE type approved, and no remapping is needed for this plug-and-play installation. It is compatible with the original Honda side cases and centre stand.
