

# Harley-Davidson Pan America 1250

Product Name: **Slip-On Line (Titanium)**

Product code: **S-HD12S01-HAFT**

Approval: EC, ECE

**MSRP ex. VAT: 935,00 €**

## INFO

Created to fit seamlessly within the lines of the bike and utilizing a design used on Akrapovič products for the Adventure bike sector, this highly durable exhaust has a sandblasted high-grade titanium muffler outer sleeve with a stainless-steel link pipe. The handmade carbon-fibre end cap and heat shield perfectly follow the profile of the muffler. With a weight saving of 11.6% (0.5 kg) over stock, this system offers a deep and full V-twin sound. Performance is enhanced with a power increase of 1.3 kW (1.7 hp) at 2,300 rpm and a rise in the torque level of 5.6 Nm at 2,700 rpm when tested on the Akrapovič in-house dyno against a Pan America 1250 with a standard stock exhaust. This EC/ECE type-approved exhaust also complies with the latest Euro 5 standards and needs no remapping to the ECU in its simple plug-and-play installation.

The Slip-On Line (Titanium) is compatible with the Harley-Davidson Pan America 1250 Special version and with the original Harley-Davidson side cases, saddlebags, and centre stand.

An optional link pipe made from stainless steel is also available, designed to raise power and torque levels, reduce weight, and increase gas flow.
