

Kawasaki Z H2

Product Name: **Slip-On Line (Titanium)**

Product code: **S-K10S031-HGITBL**

Approval: EC, ECE

MSRP ex. VAT: 1.285,00 €

INFO

This is the first Akrapovič aftermarket exhaust born from the latest concepts first revealed at the 2019 EICMA motorcycle show. Created for better durability under all conditions, the new muffler is an evolution and future direction in exhaust design, heralding a new era in an ever-expanding market. The progression of the legendary hexagonal shape by Akrapovič, which revolutionized exhaust-system design in 2005, sees the design adapting to modern trends and fresh ideas while following the legacy associated with this iconic muffler. The lines of the system fit perfectly within the bike's profile and the muffler appears smaller to the eye – seemingly counter to strict type-approval rules because mufflers are becoming larger – fully demonstrating the progression in the design. The system is EC/ECE-type approved. A black-coated muffler with an engraved logo, a titanium outer sleeve, and carbon-fibre parts all add to the appeal. With power optimized for the machine, perfect workmanship, a high-quality finish, and more than 40% savings in weight, it is as much a piece of art as it is a performance part.

Catalytic converter is included within the system.

Kawasaki Z H2

Product Name: **Slip-On Line (Titanium)**

Product code: **S-K10S031-HGITBL**

Approval: EC, ECE

TECHNICAL DATA

	UNIT	STOCK	AKRAPOVIČ	MAX GAIN
maximum power	kW	132.9 / 10850 rpm	133.5 / 10800 rpm	+ 0.7 / 10650 rpm
	HP (m)	180.7 / 10850 rpm	181.5 / 10800 rpm	+ 1.0 / 10650 rpm
